This time last year we were bathing in glorious sunshine and we have seen snippets of that golden ball in the sky over the last two weeks! Doesn't it make us all feel better when the sun is shining? Saying that, I have been hit with a bug this week - sore throat, temperature, headache but nothing like a sparkly jacket, Scooby Doo and SUPERHERO DAY to make me feel better!

WEBSITE UPDATE - This week, we have been working with Nathaniel from Schudio to upgrade and refresh our school website. We have made changes to our front page so that it really shows off to prospective parents what our school offers that others don't. There's still some content to add and some resources and policies to update but it is getting there. If you have friends who are looking for a school for their child, either in Reception or for a change of school, please direct them to our website, facebook page and ask them to call us for a tour!
